NEWS

A joint project between the Kaieteur Institute For Knowledge Management, and Entovation International Ltd. of Boston, with sponsorship from Integrated Visions Group Of Jeddah, Saudi Arabia.

"Thanks to the catalytic investment by executives of the Integrated Visions Group, Saudi Arabia, and E100 [Chris Geary](#), The RESEARCH Phase of the Knowledge Innovation Zone Initiative has been underway for several months. In an April signing ceremony in Dubai, AUE, their corporate VP – Mr. Mohammed Mujadedi – set the standard with words of vision for local, regional and international leadership. "

The magnitude of this pioneering is significant with implications for our respective businesses, countries and most of all, the youth we develop for our future."

Now E100 Bryan Davis, ENTOVATION Fellow for Innovation Intelligence, and I are creating and preparing for distribution the **KIZ State-of-the-World Report** this fall that will likely include: KIZ Manifesto; Principles; Reference Model; Implementation Guidelines for growing a prosperous, profitable, and sustainable KIZ; Measurement Indicators; a Practice Mastery Curriculum; Playbook; Market Assessment Analysis, emerging Market-Space model; Knowledge-enabling Software Directory; Directory; Expertise Directory and Global KIZ Leadership Map; Taxonomy & Glossary; Reference Resources/Pathfinder and more. And this is only Phase I!"

Conversations With Debra Amidon & Bryan Davis

Debra M. Amidon and Bryan Elliot Davis have teamed up to launch a new Web site, *In the Knowledge Zones*. It is the next step in the development of *Knowledge Cities*, communities that believe in a new perspective of development, which is based on knowledge and innovation. Zones and cities in some 40 countries are now accessible [online](#). There you will find the foundation for global sustainability including competitive ranking reports, recommended readings and research plans. A major article on Knowledge Innovation Zones (KIZs) will appear in the October issue of *Knowledge Management* magazine.

Joint article published in Knowledge Management Magazine

[Get In The Zone - Debra Amidon and Bryan Elliot Davis' Article in Knowledge Management Magazine, Vol. 8, Issue 2](#) (pdf)

From Australia to Finland, Knowledge Innovation Zones (KIZ) are emerging in the quest for sustainable growth and economic development within cities, regions, countries and enterprises. Download the pdf file of this article to discover the role of KIZs within the KM arena.
